3 CFU

REGISTER NOW!

DEADLINE 30.04.25

The 10<sup>th</sup> International workshop on Mediterranean Urban Morphology is jointly organized by the AiEM research group - Architecture, Energy and Environment - from Barcelona School of Architecture, ETSAB UPC and the SOS Urban Lab research group from Faculty of Civil and Industrial Engineering, Sapienza University of Rome. The purpose is to develop spatial analysis of historical neighborhoods straddling five iconic bridges of Rome. Presentation of methods, evaluation tools and urban survey will be carried out in order to investigate and map qualities of open spaces: microclimate and thermal comfort.
